	05/15/07 16:45 CST		0	34.4N, 93.62W

There were five trees blown down in a yard, with a lot of limbs blown down on the house.

A northwest wind flow aloft drove a cold front into Arkansas from the Plains on the 15th. The front arrived in northwest sections of the state by the early afternoon, and pushed across the region through the evening hours. Scattered to numerous thunderstorms accompanied the front...with some storms becoming severe.
